★ The intention is  
to provide compounding  
pharmacies in every  
STATE!!

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I  
OBJECT to the definition of "inordinate amount" which restricts the availability and  
the right to obtain necessary compounded medications by limiting the number of  
prescriptions that can be shipped across state lines from specialized  
compounding pharmacies.

Comments:

I am absolutely **OUTRAGED** with this  
proposal! Compounding pharmacies are not available  
in every state & the pharmacies that are available  
do not offer the natural prescriptions I desperately  
need. I have suffered for over 2 years and  
had horrible side effects with synthetic  
drugs. I still use some synthetic drugs (THYROID) <sup>or SOLAR but need natural</sup> TOPAD.  
Passing this legislation will deny me  
the freedom of choice that once was  
the basis of our country! I SAY **NO!** <sup>to now!</sup>  
The Spirit & fear of competition of  
the mega-corporations of pharmaceuticals must  
not be allowed to take away this  
basic right. Don't force suffering on millions of  
patients!
